**The Vatican in the Age of the Dictators, 1922-1945**-Anthony Rhodes 1973

**The Vatican Prophecies**-John Thavis 2015

Examines how the Catholic Church evaluates, judges, and controls miraculous events to determine their authenticity, revealing deep internal debates on the power of relics, revelations, and exorcisms.

**The Power of Rome in the Twentieth Century**-Anthony Richard Ewart Rhodes 1983
The Vatican in the Age of the Dictators 1922 - 1945 1973

Poland and the Vatican in the Age of the Partitions - Lawrence Wolff 1984

The Vatican in the Age of the Cold War, 1945-1980 - Anthony Rhodes 1992

In the Closet of the Vatican - Frederic Martel 2019-02-21 The New York Times Bestseller 'An earth-shaking exposé of clerical corruption' - National Catholic Reporter In the Closet of the Vatican exposes the rot at the heart of the Vatican and the Roman Catholic Church today. This brilliant piece of investigative writing is based on four years' authoritative research, including extensive interviews with those in power. The celibacy of priests, the condemnation of the use of contraceptives, the cover up of countless cases of sexual abuse, the resignation of Benedict XVI, misogyny among the clergy, the dramatic fall in Europe of the number of vocations to the priesthood, the plotting against Pope Francis – all these issues are clouded in mystery and secrecy. In the Closet of the Vatican is a book that reveals these secrets and penetrates this enigma. It derives from a system founded on a clerical culture of secrecy which starts in junior seminaries and continues right up to the Vatican itself. It is based on the double lives of priests and on extreme homophobia. The resulting schizophrenia in the Church is hard to fathom. But the more a prelate is homophobic, the more likely it is that he is himself gay. 'Behind rigidity there is always something hidden, in many cases a double life'. These are the words of Pope Francis himself and with them the Pope has unlocked the Closet. No one can claim to really understand the Catholic Church today until they have read this book. It reveals a truth that is extraordinary and disturbing.
The Vatican in the Age of the Common Man, 1945-80 - Anthony Richard Ewart Rhodes 1985

The Vatican and Poland in the Age of the Partitions - Larry Wolff 1988

The Vatican Diaries - John Thavis 2014-02-25
The New York Times-bestselling inside look at one of the world’s most powerful and mysterious institutions For more than twenty-five years, John Thavis held one of the most remarkable journalistic assignments in the world: reporting on the inner workings of the Vatican. In The Vatican Diaries, Thavis reveals Vatican City as a place struggling to define itself in the face of internal and external threats, where Curia cardinals fight private wars and sexual abuse scandals threaten to undermine papal authority. Thavis (author of The Vatican Prophecies: Investigating Supernatural Signs, Apparitions, and Miracles in the Modern Age) also takes readers through the politicking behind the election of Pope Francis and what we might expect from his papacy. The Vatican Diaries is a perceptive, compelling, and provocative account of this singular institution and will be of interest to anyone intrigued by the challenges faced by religion in an increasingly secularized world.

Report on the Vatican - Bernard Wall 1956

Tumultuous Times - Francisco Radecki 2004
Well-documented story of the Ecumenical Councils of the Catholic Church. The second part of this work analyzes Vatican II and its effect on our world today. The turbulent history of the Catholic Church will come alive as the centuries unfold before the reader. God's tender care for His children amid life's storms and tumultuous times is evident and unmistakable.

The Vatican and Italian Fascism, 1929-32 - John F. Pollard 2005-11-17 This is a study of
relations between the Vatican and the Fascist regime in Italy in the most troubled and crucial phase of their relationship, the period 1929-32. It is the first time that any historian, either in Italy or elsewhere, has carried out a detailed and comprehensive study of the conflicts between the Vatican and Italian Fascism in these years; nor has there been any detailed analysis of the causes and the consequences of the crisis of 1931. As well as considering the various causes of conflict in this period, the author sets out what he believes to be the long-term consequences of the 1931 crisis, and in so doing challenges a number of previously accepted interpretations.

Where Is the Vatican?-Megan Stine 2019-12-24 Did you know that the Vatican is a country--the smallest in the world? Find out the amazing history of the headquarters of the Catholic Church. It's time to elect a new pope. Hundreds of thousands of people gather in front of St. Peter's Basilica to learn who will be the next leader of the Catholic Church. A white puff of smoke from a chimney signals the cardinals--the "princes" of the church--have elected one of their own who will continue to be the leader of the faith that has been around for more than two thousand years. Author Megan Stine charts the beginning of Christianity and its hold on members of the faith as well as the countless struggles for power (one pope was poisoned by his own men!), the building of the Vatican and creation of the Sistine Chapel, and the Secret Archives that hold papers the church has accumulated over the centuries.

The Vatican-Ernesto Begni 1914

Hitler's Pope-John Cornwell 2000-10-01 The "explosive" (The New York Times) bestseller—now with a new introduction by the author When Hitler’s Pope, the shocking story of Pope Pius XII that “redefined the history of the twentieth century” (The Washington Post) was originally published, it sparked a firestorm of
controversy both inside and outside the Catholic Church. Now, award-winning journalist John Cornwell has revisited this seminal work of history with a new introduction that both answers his critics and reaffirms his overall thesis that Pius XII, now scheduled to be canonized by the Vatican, weakened the Catholic Church with his endorsement of Hitler—and sealed the fate of the Jews in Europe.

**Mistress of the Vatican**-Eleanor Herman  
2009-10-13 Eleanor Herman, the talented author of the New York Times bestselling Sex with Kings and Sex with the Queen goes behind the sacred doors of the Catholic Church in Mistress of the Vatican, a scintillating biography of a powerful yet little-known woman whose remarkable story is ripe with secrets, sex, passion, and ambition. For almost four centuries this astonishing story of a woman’s absolute power over the Vatican has been successfully buried—until now.

**Catholicism and History**-Regius Emeritus Professor of Modern History Owen Chadwick  
1978-06-22 This important study of how new attitudes and techniques of history affected the Church will interest documentalists and general readers as well as ecclesiastical and general historians.

**Britain and the Vatican During the Second World War**-Owen Chadwick  
1988-06-24 The British government and its envoy assisted the Allied cause in Italy despite being confined to the Vatican from 1940 to 1944. This text provides new perspectives on the papacy’s predicament and the struggle to keep Italy out of the war.

**The Vatican Billions: Two Thousand Years of Wealth Accumulation from St. Peter to the Space Age**-Avro Manhattan 1972

**Papal Elections in the Age of Transition,**
The startling changes that have taken place within the Catholic Church since World War II were the direct accomplishments of Pius XII and his successors. These modern popes, however, formed their policies and wrought these changes based on the work of four transitional popes who preceded them: Leo XIII (1878-1903), who re-established a direct link between the papacy and the lay communicant; Pius X (1903-1914), who was a conservative reactionary; and Benedict XV (1914-1922) and Pius XI (1922-1939), who revived and extended Leo's efforts to modernize the Church and its policies. Based largely on unpublished or ephemeral materials, Papal Elections in the Age of Transition recounts the stories of how these four men rose to the papal throne, including previously unpublished details of the conclaves. This fascinating narrative sheds new light on the rise to power of the popes who prepared the way for the Catholic Church at the dawn of the twenty-first century.
political developments or doctrinal implications in which the museum may find itself involved. The Vatican Museums, whose origins go back to the early 16th century, exemplify all these concerns in a particularly comprehensive and fascinating way. Their initial formation, almost in the character of a private collection; their threatened dispersal in the Counter-Reformation; their recovery under the impetus of the intellectual revival in the 18th century; their development, also in defence of the artistic patrimony of the State threatened by exports, at the end of the same century; their subsequent enlargement up to more recent times, thanks to the distinguished patronage of the various Popes; and lastly their incorporation, at times exemplary, in the context of the Vatican Palaces, first with Simonettis Museo Pio-Clementino, then with Sterns Braccio Nuovo and more recently with Beltramis Pinacoteca and Passarellis Museo Paolino: all this constitutes not only a field of study, comparison, and reflection, but also at times an example which others have followed. The present book, ideally, would have required a far more extensive archival documentation than the author has been able to consult. It is to be hoped that the systematic exploration of the huge, but very scattered, archival sources available may make it possible in future to update, or to amplify, those parts of the book that were unable to benefit from this irreplaceable support. It may be claimed, nonetheless, that it has proved possible to reconstruct the history of the Vatican Museums in sufficient detail, and that this book may prove useful at a time when the history of collecting is arousing increasing interest. Contents: Foreword. I. The Antiquario delle Statue from Julius II to Paul III (1503-1549). II. The first Vatican collection of antiquities from Julius III to Sixtus V (1550-1590). III. From Clement XI to Clement XIII: the Museo Ecclesiastico and the Museums of the Vatican Library (1700-1769). IV. Clement XIV and the foundation of the Museum Clementinum (1769-1774). V. A great season for the Vatican Museums: the pontificate of Pius VI (1775-1799). VI. The works of art of the Papal State in Paris. VII. Reconstitution and growth of the Vatican

Bibliography: Abbreviations; Archival sources; Periodicals; General bibliography. Indexes: Topographical index of the works of art in the Vatican cited in the text; Analytical index.

Ireland and the Vatican-Dermot Keogh 1995 A comprehensive examination of the complex triangular relationship between the Irish government, the bishops and the Holy See from the origins of the Irish State in 1922 to the end of the de Valera government.

**Absolute Monarchs**-John Julius Norwich
2012-05-15 NEW YORK TIMES BESTSELLER In a chronicle that captures nearly two thousand years of inspiration and intrigue, John Julius Norwich recounts in riveting detail the histories of the most significant popes and what they meant politically, culturally, and socially to Rome and to the world. Norwich presents such popes as Innocent I, who in the fifth century successfully negotiated with Alaric the Goth, an invader civil authorities could not defeat; Leo I, who two decades later tamed (and perhaps paid off) Attila the Hun; the infamous “pornocracy”—the five libertines who were descendants or lovers of Marozia, debauched daughter of one of Rome’s most powerful families; Pope Paul III, “the greatest pontiff of the sixteenth century,” who reinterpreted the Church’s teaching and discipline; John XXIII, who in five short years starting in 1958 instituted reforms that led to Vatican II; and Benedict XVI, who is coping with today’s global priest sex scandal. Epic and compelling, Absolute Monarchs is an enthralling history from “an enchanting and satisfying raconteur” (The Washington Post).

**The Papacy in the Age of Totalitarianism, 1914-1958**-John Francis Pollard 2014 This is the history of the papacy under three popes, Benedict XV (1914-58), Pius XI (1922-39), and Pius XII (1939-58), who faced the strains imposed on the worldwide Church by total war-two world
This revelatory account of how the Vatican saved thousands of Jews during WWII shows why history must exonerate "Hitler's Pope" Accused of being "silent" during the Holocaust, Pope Pius XII and the Vatican of World War II are now exonerated in Gordon Thomas's newest investigative work, The Pope's Jews. Thomas's careful research into new, first-hand accounts reveal an underground network of priests, nuns and citizens that risked their lives daily to protect Roman Jews. Investigating assassination plots, conspiracies, and secret conversions, Thomas unveils faked documentation, quarantines, and more extraordinary actions taken by Catholics and the Vatican. The Pope's Jews finally answers the great moral question of the War: Why did Pope Pius XII refuse to condemn the genocide of Europe's Jews?
